

Every Woman Should Know

There are three entirely different kinds of baking powder, namely:

- (1) Cream of Tartar, derived from grapes,
- (2) Alum, a mineral acid, and
- (3) Phosphate of Lime.

(1) Baking Powders made of Cream of Tartar add to the food the same healthful qualities as exist in the ripe grapes from which Cream of Tartar is derived.

(2) Baking Powders made of Alum add to the food some form of Alum or Aluminum, a heavy metal, wholly foreign to any natural article of food.

(3) Phosphate of Lime is made from rock or by burning bones which by chemical action are changed into a white powder. It is used in baking powder only because it is a cheaper substitute.

A Cream of Tartar powder never contains Alum or Phosphate.

Every housekeeper should read the ingredients printed on the label and know what she is using.

MONEY IS CHEAP NOW

Kansas Banks Bulging With Cash
They Can't Keep Working.

Kansas City, Mo., March 23.—Money is cheap. That was the statement today of one of the big business men of Kansas City. It is the cheapest money has been for several years, he went on to explain, and he then added that while he had always been a heavy borrower, this was the first time that he had not been in debt to the banks. Within a week, he said, three bankers had asked him if he couldn't use some money.

Kansas state banks are bulging with cash. That was clearly shown in the statement of the bank commission which indicated ten million excess over all previous records of deposits. The national banks in this section are in the same fix. The high price of wheat, the large sale of horses and mules for "cannon fodder" and the new federal reserve bank

have all worked together to ease the money situation.

Big business men here say they can get time money on commercial paper for 4 1/2 per cent. The banks are trying hard to get some of their surplus cash to working for interest. Indications point to increased investments in Kansas and Missouri in the immediate future. Money at the present rates cannot go begging long.

Young Bank Robber Captured.

Yates Center, Kan., March 23.—James Milton, alias Larry Harlan, one of the two youths who robbed the State bank here February 10, and escaped from jail March 1, has been arrested in Aurora, Ill., according to a message received by Sheriff Carroll today from the Aurora chief of police.

Roads Almost Impassable.

Courtland, Kan., March 23.—The roads around Courtland have been nearly impassable for the past two weeks. The rural mail carriers have been making their rounds on horse back. The carrier on route 2 is taking his substitute and each carrying half of the route.

It's Loaded
You Say!

Well, I'll take your word for it.
Don't fool with it around here!

That's what any sane individual would say to a man with a loaded gun. Yet there are thousands tampering with a beverage loaded with a poisonous drug which gets in its work with sure precision.

That beverage is Coffee—
Caffeine is its drug.

Headache, biliousness, nervousness, sleeplessness—these are some of the signs that so often accompany coffee's operations.

Knowing that coffee is loaded, why not quit it and use

INSTANT POSTUM

—a pure food-drink, made from hard northern wheat with a bit of wholesome molasses. Caffeine-free—drug-free—delicious—nourishing—economical.

Postum comes in two forms: Postum Cereal—has to be well boiled; 15c and 25c packages. Instant Postum—made in the cup with hot water; 30c and 50c tins. Both forms are equally delightful; cost per cup about the same.

No dangers—no fears with POSTUM. Old and young drink it with pleasure and benefit.

"There's a Reason"

Sold by Grocers everywhere.

POLITICAL GOSSIP.

(Continued from Page One.)

and four years hence. But P. Waggener, for years active in Kansas political affairs and prominent among the men of all parties, will doubtless retire from active politics. But many of the old guard will return to represent their districts as they have done for terms of from eight to twenty years.

Senator Price of Clark county has been persistently boosted for congress from the Seventh district, but the crafty, hard fighting, Ashland lawyer stated before leaving Topeka that he did not want to go the national house. "I would rather take things just a little easy and add ten years to my life," explained the popular western legislator. "I have no ambition to go to congress. As for coming back to Topeka I haven't thought very much about that."

Shouse to Try Again.

Senator Shouse will not aspire to the state senate next year. Instead he will be a candidate for another term to congress from the big Seventh district. Should Senator Price decide to enter the congressional fight, the two senators would probably be the opposing candidates in the fight a year from next fall.

The senate may contribute two Democratic congressional candidates next year if there is a further breach in the affairs in the Seventh district. J. M. Davis of Bourbon county and Noah L. Bowman of Anderson county are both congressional possibilities. Senator Bowman took charge in the fight against Congressman Taggart last summer, but was beaten in the primary.

Congressional Candidates.

Senator William M. Price of the Greenwood-Lyon district, is something more than a congressional possibility in the Fourth district. Price is not possessed of a genuine love for Congress. He is a politician and has quietly intimated that the Fourth district member's record has been best expressed in the pronunciation of his name. Should Price yield to Congress, he would be a candidate for another term in the state senate.

Senators J. W. Howe of Dickinson, Harry McMillan of Ottawa and A. B. Carney of Cloud have for some time been regarded as contenders for the nomination against Congressman Guy T. Holverson in the Fifth. Carney's appointment as postmaster at Concordia may eliminate him from the race and friends of McMillan hope to sidetrack his boom by friendly mention of his name for governor. Senator Howe has also been mentioned for a federal place. So the sidetracking of McMillan may clarify the Fifth district situation.

Senator Harry Gray has not discouraged an occasional mention of his name, but he would be a good candidate for governor. In fact, the senator from Lury has been inclined to second the motion. So Senator Gray may run for governor instead of senator next year.

Troutman for Governor.

Senator Troutman's political lightning rod is presumed to point toward the governorship. But unless the administration of Governor Capper should be badly wrecked en route, the Shawnee county senator is hardly regarded as a probability for nobility in the senate and make the gubernatorial fight three years hence.

Senator J. M. Mahan of Smith Center will most likely return to the senate if he so desires. He has filled the seat left vacant by "Tod" Reed so well that everyone has been happy and besides the strong following in his district, several hundred Topeka friends would welcome the return of the Smith center man. On the other hand, Mahan has at times been mentioned for congress.

Along with the Sixth district troubles, is a possibility that "Jimmy" Malone may break into the fight against Congressman Connelly. Malone served an apprenticeship in the house. Then he took District Attorney Everett Robertson's place in the senate. Now it is intimated, he has a congressional bee.

Senator Walter E. Wilson of Washington may be a candidate for the Republican congressional nomination in the Fifth. Wilson was among the members who stood pat for the administration in the appropriation fight. He threw rocks at everything that looked like extra expense for the property owners at home and an economy record has at sundry times been a high grade platform on which to run for office.

J. A. Ferrell of Chautauqua is slated to succeed Senator John Denton who has served eight years in the upper house. Ferrell came to the legislature among the new material and showed ability in handling himself in debate, was picked up by the administration and went home as one of the defenders of the state treasury.

Moxey to Succeed Waggener.

T. A. Moxey of Atchison is regarded as a most likely candidate for Senator Waggener's place on the Democratic senatorial ticket, with the Republican leadership in doubt.

Keene of Bourbon, chairman of the house ways and means committee and member of the house during three sessions, will probably run for congress in the Second district. Keene came to Topeka a speakership candidate, was beaten by Stone of Shawnee, who placed the Bourbon member at the head of the big ways and means committee. Keene's fight on appropriations brought him into wide prominence and his candidacy and ability to explain the appropriation situation would doubtless be an asset to the state administration next year.

Stone for Congress.

Speaker Stone of Shawnee is regarded as a First district congressional probability if things break right. By breaking right in the First district means a flood of trouble overtaking Congressman D. R. Anthony, Jr. in the next fifteen months.

Jasper T. Kincaid, Democrat, may return to the legislature from Governor Hodges' home county, Johnson. Frank L. Travis of Allen county is listed as a congressional candidate in the Second district next year. In fact, it is stated that Travis has already told his friends of his plan to enter the race. All of which may complicate the Keene situation.

Sherman Elliott of Douglas, Lamb of Dickinson, Joe Satterthwaite of Butler, Republican; Will Wayman of Lyon, Progressive, and A. A. Dyer of Lawrence, Democrat, may be senatorial candidates from their respective districts next year. Added to this list are a number of house members who may have a desire to return for the 1917 session. These include Brown of Greenwood, Holbrook and Van-Cleave of Wyandotte, Endres and Gilman of Leavenworth, Lamb of Montgomery, Wilmoth of Cloud, who might jump into the senatorial fight—Tyson of Linn, Stauffer of Douglas, Waggoner and Burton of Cherokee, Schmidt of Marshall, Bardwell of Riley, Pettit of Marion, Jocelyn of Sedg-

wick, Ross of Rice, Laing of Russell, Pettyjohn of Ford, Hopper of Ness, Drummond of Norton, Clark of Sheridan, Showers of Thomas, Samson of Gove, Hendricks of Rawlins, Uplinger of Cheyenne, McGinnis of Greeley, Jewett of Lane, Bray of Hamilton, Brice of Gray and Chittenden of Ellis.

4 TOPEKANS TO SPEAK

Annual Teachers' Meeting at K. U. Will Be Largest Ever.

Lawrence, Kan., March 23.—Four Topekans will speak at the annual meeting of teachers in the secondary schools at Kansas at Lawrence March 28-29. The meetings will be held at the University of Kansas campus and the entire state board of administration is scheduled to come down from Topeka for the discussions.

Row state superintendent of public instruction, A. J. Stout, Dr. S. S. Estey and H. B. Wilson are the four Topeka speakers. In addition E. T. Hockney, chairman of the state board, will address a general gathering as well as help with the arrangements for the entertainment of the visitors. The proposal to combine the seventh and eighth grades of elementary schools with the first two years of the high school course according to the "Berkeley Plan" will be one of the chief topics of the meeting. Charles H. Judd, director of the school of education at the University of Chicago, will comment upon this proposition. There is expected to be a large attendance from the state and the two days of the meeting in itself is certain to bring fifty additional teachers for the meeting, since every team is accompanied by one or more faculty representatives.

BACK AT HIS OLD JOB.

Congressman Connelly Is Now Devoting His Time to His Newspaper.

Colby, Kan., March 23.—Congress has adjourned and Congressman Connelly has returned to his home, and is saying good things about Colby, Thomas county and the Sixth district in general in his newspaper, the Free Press.

He says: "There was never a time in the history of western Kansas when the rank and file of the people were more hopeful of a good crop, and good returns from that crop, than they are at this time. The fine crops last year and the magnificent fine crops last year erased from the memory of our people the lean years, the blown strip and the holy days of recent years."

"In the older communities on the east, if a man is poor and has no heritage coming in from somewhere, the rest of his life is a struggle in the west. The fellow who is on the breakers this year, may next year be a set line in the west that will always remain, and it is this eternal and ever present hope that the tide of good fortune will throw upon the sands at our feet the salvage from the ship of plenty that makes men cling to the west as they do in northwest Kansas."

FOR CONGRESS FROM EIGHTH.

Fred B. Stanley, of Wichita, Throws Hat in Ring Monday.

Wichita, Kan., March 23.—In a statement published here Monday, Fred B. Stanley, Republican national committeeman, announced his candidacy for the Republican nomination for congress from the Eighth district. Although more than sixteen months until the primary, Mr. Stanley declared that he is in the fight to win. The place for which Mr. Stanley seeks the nomination was filled by Victor Murdock for twelve years when he retired from politics when his term expired March 4. Mr. Stanley's strength lies in Sedgwick county and Wichita, his home, Cowley and Sumner counties. No opposition for the nomination is anticipated, it was said by Ben Hegler, chairman of the Sedgwick county committee.

GO TO SALES IN AUTOS.

But Western Kansas Farmers Still Pay Big Prices for Horses.

Brewster, Kan., March 23.—That the farmers of northwest Kansas are making money is shown by a recent sale near town. The clerk of the sale was Ike W. Crumley, cashier of the State bank. There were 56 automobiles present, and each had from four to six occupants. Besides there were many other home conveniences and one mare sold for \$530, and another for \$217.50. Everything else sold accordingly, the sale amounting to over \$3,500, and with the exception of less than \$1,000 in notes the balance was cash.

Brewster was a good grain point in 1914. The grain was trucked and sold for \$305,376.05, besides for the cream shipped out the farmers were paid \$19,875.25. The outlook for crops in 1915 is more promising now than a year ago.

COLDS, HEADACHE, CONSTIPATION, REGULATE YOUR BOWELS! 10 CENTS

Bad Colds, Furred Tongue, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged constipated bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold

"TIZ" FIXED MY SORE, TIRED FEET

Use "TIZ!" Don't have puffed-up, burning, aching feet or corns.

"TIZ" makes my feet just dance."

Ah! what relief. No more tired feet; no more burning feet; no more swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ."

"TIZ" is the only remedy that draws out all those poisonous exudations which puff up the feet. "TIZ" is magical. "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired. Think of it, no more foot misery; no more burning corns, callouses or bunions.

Get a 25 cent box at any drug store or department store, and get instant relief. Get a whole year's foot relief for only 25 cents. Think of it!—Adv.

DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.—Adv.

Woman Improves a Newspaper.

Palco, Kan., March 23.—Miss Lulu B. Ross is owner and editor of the News. When she took the ownership of the paper she changed its name from Enterprise to News. The old saying that a new broom will sweep clean is true in the case of the Palco paper. A new name and a brand new dress are among the changes. Miss Ross has lived in Palco and Rooks county for years. She has made a great improvement in the paper.

A General Court Martial On.

Leavenworth, Kan., March 23.—A general court martial has been called for this afternoon. Great secrecy has been maintained but because of the high rank of some of the officers detailed for the court, it is reported some officer ranking not lower than captain will be tried.

The Time for Spring House Cleaning is at Hand

The most practical as well as the most economical way to clean rugs, carpets, draperies and mattresses is through the use of reliable Vacuum Cleaner.

is a wonderful little machine. It will get rid of more dirt, without raising any dust, in an hour's time than you could sweep out with a broom in a half-day or more.

The entire machine weighs only 9 1/2 pounds; so light that a mere child can operate it. During our March sale, which continues until the end of the month, we are offering these Frantz-Premier Cleaners at the special price of \$22.50.

The Torrington

—is the ideal machine for the home without electricity. It is a combination carpet sweeper and vacuum cleaner; generally considered to be the best machine of this kind on the market.

Torrington Model K. is made with 3 bellows, genuine Chinese Hankow bristle brush, automatic brush release and brush adjuster (for cleaning different kinds of carpets), roller bearings, mahogany finish case with nickel trimmings. Price \$7.00.

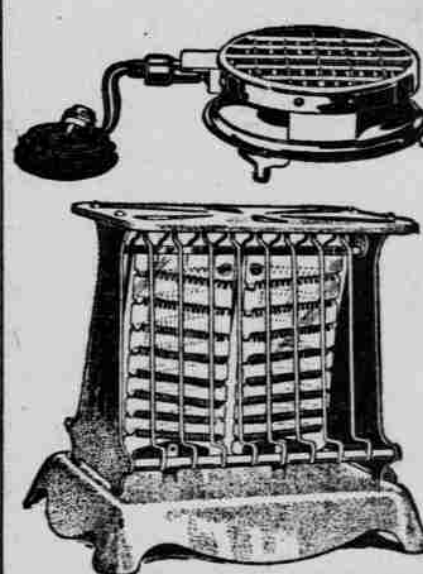

Torrington De Luxe has the same working parts as Model K, encased in a handsome Circassian Walnut Case. Price \$8.50.

Special at \$5.25

At the special price of \$5.25 we are offering the Torrington Model W, mahogany case, full nickel trimmings, 3 bellows, genuine bristle brush and roller bearings. A Sweeper guaranteed to do satisfactory work.
